| 3/28/2011 11:10:21 | Social Studies             | Space - tables and chairs, Technology - computers, projector, smartboard, Databases    | Good   | more computers   | Excellent  |   | We only started using the library's webpage and databases after the librarian inquired as to the research I had my class doing, then explained, she had resources for us. Very Helpful! | Once a month                                     | 1. At certain point of the year (4th MP in particular) it is very difficult to reserve library/computer lab time. Many teachers are discouraged by this. Perhaps we could set up another bank of computers so 2 classes within the library could use computers. Students rarely research in books.<br>2. My classes have 32 students, yet the guidance lab & computer lab within the library are not set up for 32. Perhaps, at the very least, we could get extra chairs in the guidance lab so all students have seats. | Yes   |
