The most important information gained during this workshop was:	The workshop could be improved by:	Please list suggestions for future workshops
all available sites that are easy to use for my class		
I really like the SAS Curriculum Pathways link.		
Liked the fact that it was current and useful.	N/A	
I liked that all of the information available was free.	Focusing on one or two websites and further explain or allow users to work through the site.	
The resources available on the different web sites	Less websites and more time to spend playing around fewer sites, to get more familiar with them	
SAS website	Great workshop!	
I will definitely use dropbox.		
a variety of resources-very useful!		
dropbox		
Learning about resources to use in the classroom.		
Very good websites! especially for special education.		
Wordle and Discovery Education seem like websites that can be very useful for my class.		
Curriculum Pathways		Web pages
immediate classroom implementation		more of same i need reinforcement
	The school's network makes it impossible to download many programs.
